

# VOLCANO

## SUPPLIES ↓

- Clear bottle with a slender neck (try a juice, salad dressing, or small soda bottle)
- Vinegar
- Baking soda
- Dishwashing liquid soap
- Red food coloring
- Big bowl or pan
- Glass or mug
- Funnel
- Spoon
- Glitter (optional)

## DIRECTIONS ↓

- 1 Put the bottle in the middle of the large bowl or pan.
- 2 Use your funnel and pour baking soda into the bottle until it covers the bottom. If you want to give your eruption extra pizzazz, you can also pour some glitter into the bottle!
- 3 In a cup, combine  $\frac{1}{4}$  cup of vinegar, two big drops of dishwashing liquid, and some food coloring. Mix together.
- 4 Use the funnel to pour the soapy, red-colored mixture into the bottle.
- 5 Stand back and watch the “volcano” erupt over the sides of the bottle!
