

THE HEROES ACTIVITY BOOK

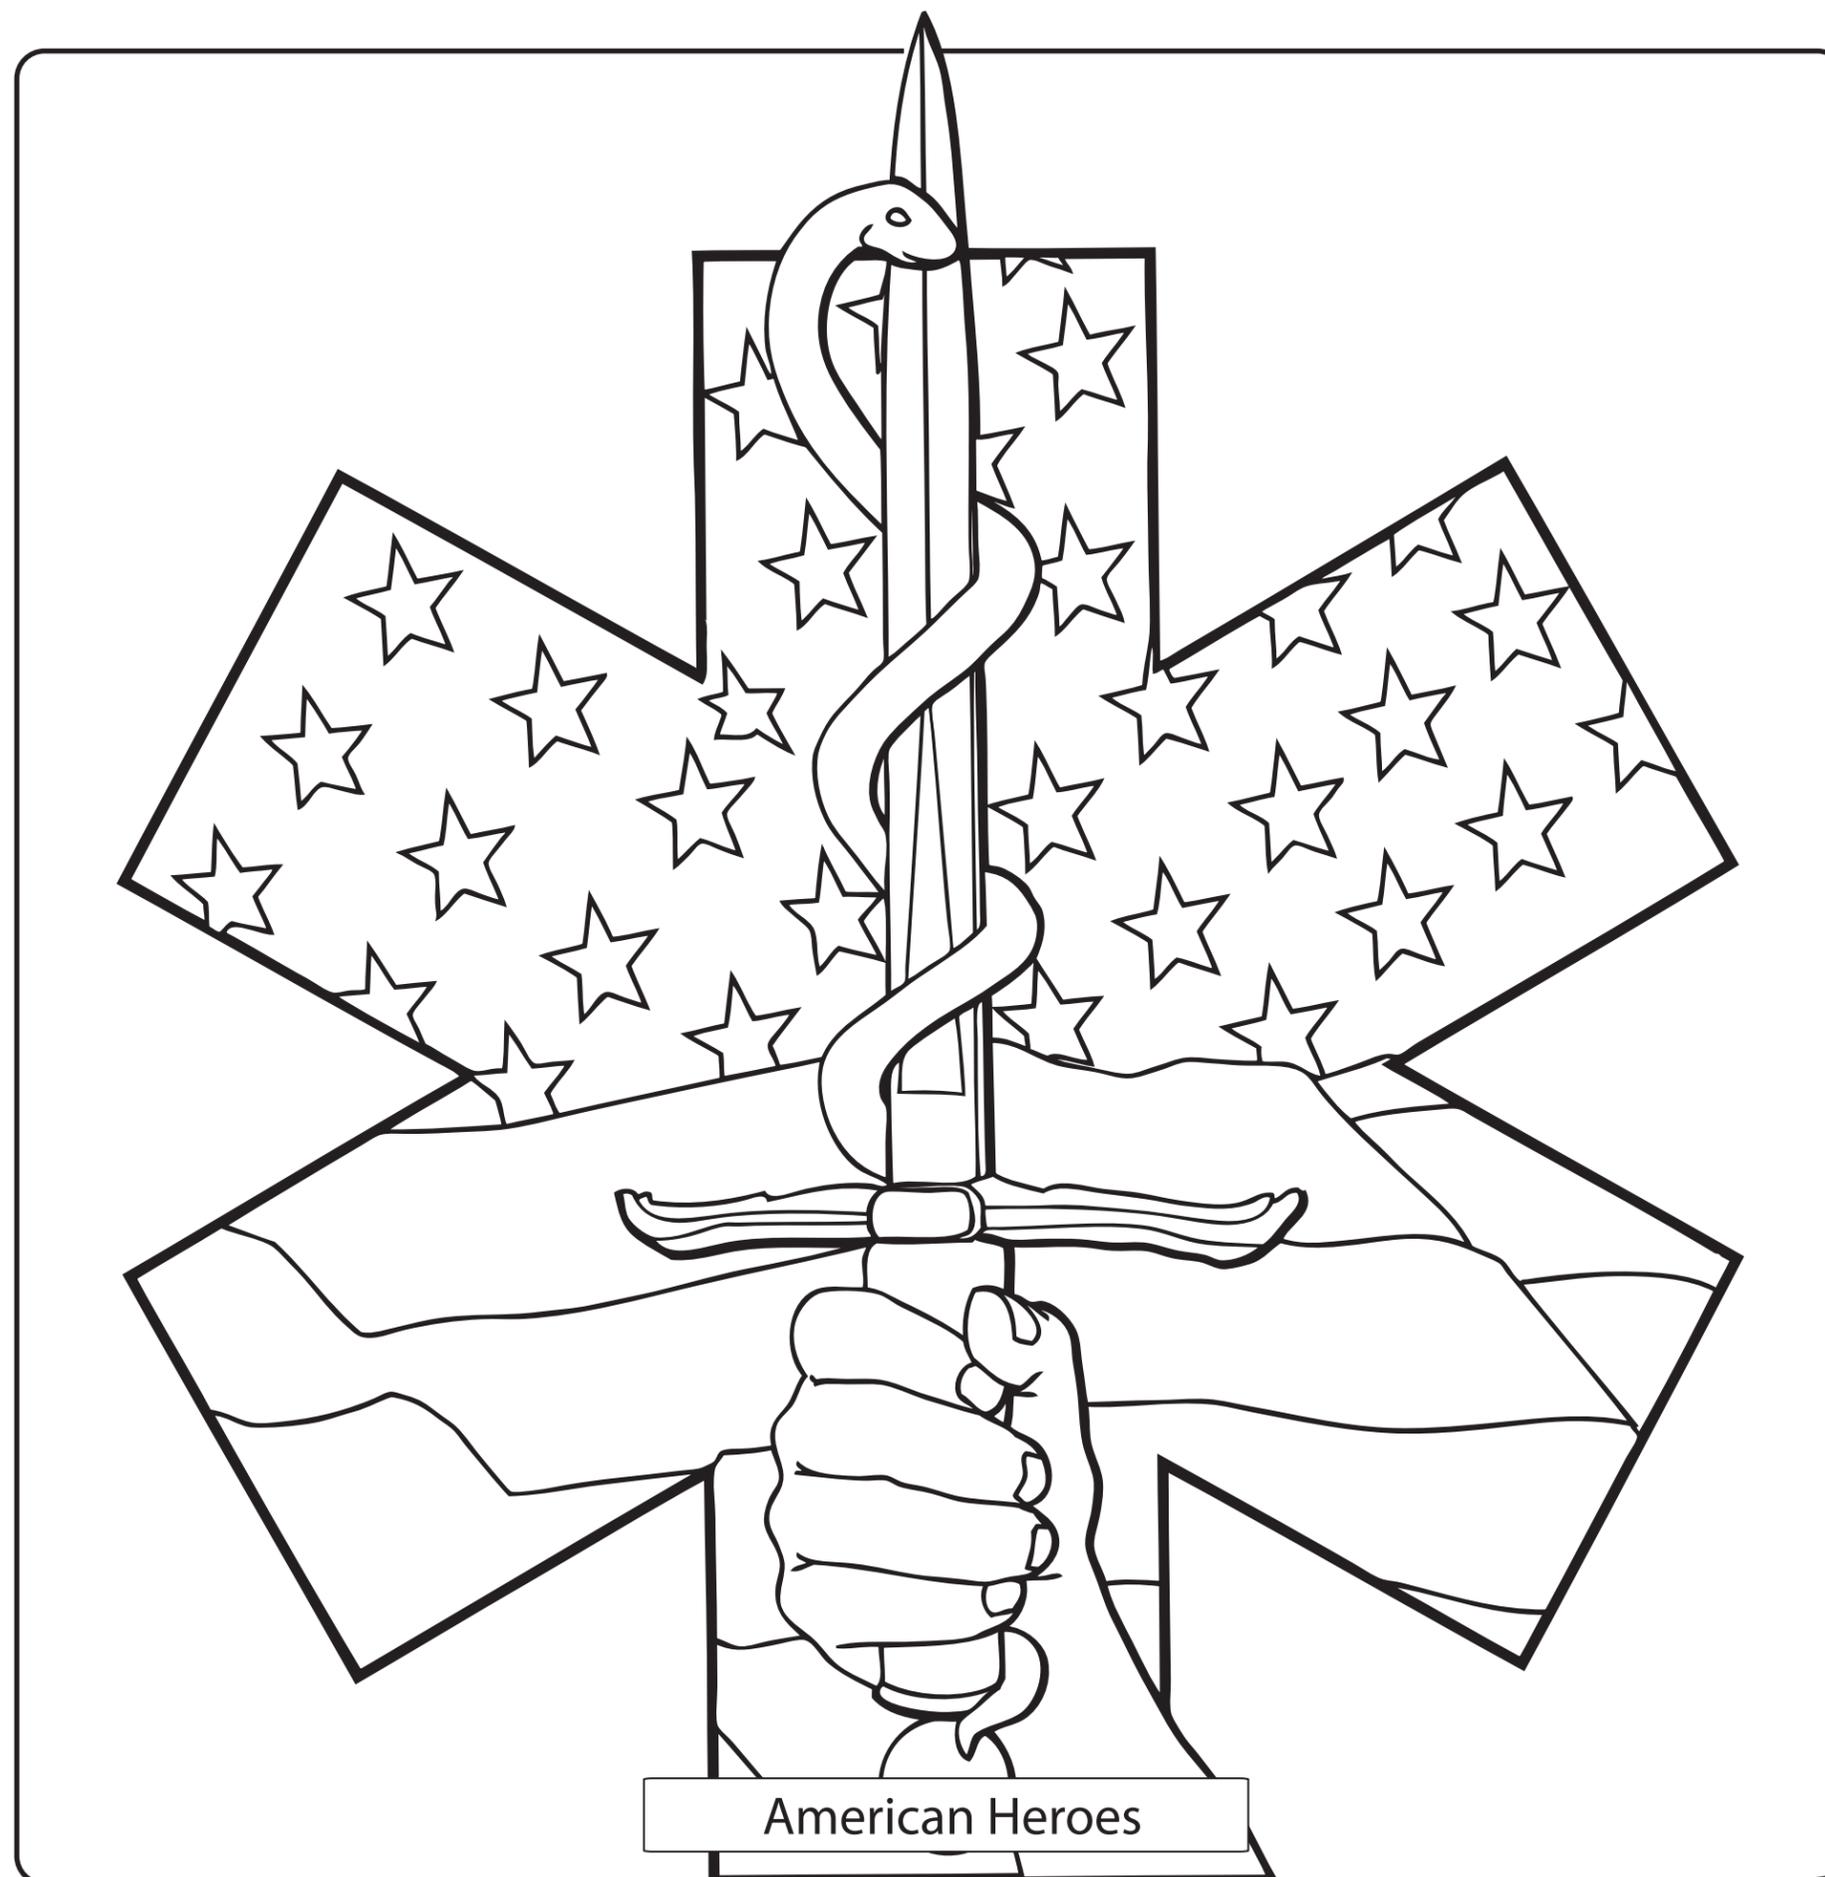

Inspired by the Wounded Warrior Care Package Program here at Natick Soldier Systems Center, Natick, MA., whom, in their list of desired donated items, requested "Coloring Books." The idea grew from a Team Building Exercise of the Technical Publications Team to an all supportive cast of Volunteers donating their time and talents in support of our Troops and that of their families through art and the written word.

With the Army Community Services/Morale, Welfare and Recreational Organization sponsoring the creative effort we are grateful for your sacrifice and wish you well today and a healthful tomorrow.

Be safe afar, safe along the way and safe at home.
~ Norse Talisman
